

Yarrells School & Nursery

CHILDCARE VOUCHERS

We are always pleased to support working parents and we are registered with a number of childcare voucher providers. We are able to create a new account with other childcare voucher scheme providers if parents' employers use one that we are currently not registered with. Please do contact us if you wish us to register with another childcare voucher scheme provider.

Childcare vouchers can be used for children of all ages (up to 16) and for all types of Qualifying Childcare. Qualifying Childcare includes childcare until 1st September after a child's 15th birthday, or 1st September after their 16th birthday if the child is registered disabled, in a childcare setting such as ours.

Yarrells, under the rules of the childcare voucher scheme, accepts childcare vouchers towards:

- Fees and disbursements whilst the child is in Nursery. For Yarrells this includes whilst the child is in Pips, Kindergarten and Transition. When eligible, the child can also receive Free Early Education Funding;
- For older children, (Reception and above) we can only accept childcare vouchers in payment of certain aspects that constitute Qualifying Childcare and which take place on the school premises. This could be Early Birds Care and After School Care including tea (Nursery to Year 2), Supervised Late Tea and Prep (Years 3 to 8), Extra Curricular Activities (after school clubs) and any of the clubs in the holidays, such as our Christmas, Easter and Summer Schools. These are extra to statutory education, outside normal school hours (this means the normal hours of compulsory education adopted by the school as appropriate for the age of the child) and not part of the child's education.

We are not allowed to accept childcare vouchers for school trips (as they are not held on the school premises), or individual specialist tuition including Learning Support, Music or Speech and Drama lessons, along with tennis coaching lessons if they are held during the school day.

Unfortunately if overpayments are made it is extremely difficult to return childcare voucher payments. However, we can hold any overpaid amounts in your name until future terms, to use against Qualifying Childcare costs on future invoices.

More details about childcare vouchers can be found here: <https://www.gov.uk/help-with-childcare-costs/childcare-vouchers>
